Prof. Philip Alston

UN's Special Rapporteur on Extrajudicial, Summary or Arbitrary  
Executions  
Council  
Switzerland  
United Nations Human Rights  
Geneva,

Dear Philip:

You amaze me with your latest chapter on the Chanel 4 video clip on the alleged Sri Lankan killer soldiers. You obviously have difficulty to accept defeat and want to act God walking the path of your own agenda to vilify the Sri Lankan Government. You know what Philip? I have put my bet on the Sri Lankan Government as they know what a shameful dance of the seven-veils that you are performing to appease the nations from the West. The Sri Lankan Government will remove every transparent veil of yours one by one, and once the seventh veil comes out... ha that will be funny won't it?

This stunning chapter reminded me of the Nursery Rhyme that you and I learnt at kindergarten, and this is a variation which could have been appropriately penned by you.

*A hunting we will go, a hunting we will  
go  
hunting we will go.  
hunting we will go, a hunting we will go*

*Heigh ho, the UN-o, a  
A*

*We'll catch that lion and put him in an iron-  
cage and we will never  
let him go.*

*cage and we will never*

*A hunting we will go, a hunting we will  
go  
o, a hunting we will  
go.  
go, a hunting we will go*

*Heigh ho, the UN-*

*A hunting we will*

*We'll catch Gotabaya and fry him in a  
fire  
let him go.*

*and we will never*

Here is my problem with you Philip. You seem to think you are God and have that haughty righteousness to tell the world that you are right and the Sri Lankan Government is wrong. When the

Sri Lankan Government presents stark facts as proof of the fraudulent video clip, you have that holy-arrogance to dismiss them as "not compelling". But **Heigh-ho**, then you have the gall and temerity to tell the media that your independent experts were unable to resolve several issues based on the absence in the video to come to a conclusion. W..h..a..t, Philip? You are incredulous.

**Heigh-ho** Philip what makes you so convinced that the Sri Lankan government will accept your independent experts as honest, neutral and unbiased technical readers of the video clip? They no doubt will exercise their rights to challenge you.

What is so apparent to the developing countries is that this episode stinks up to God's high heaven and that **Heigh ho the UN-o** is suspect and have failed the developing countries in the Asian and African continents miserably. You guys are losing it up there, Philip. It's sheer lunacy. Think about it for a moment. These developing countries quite rightly might add one more verse to your variation of the Nursery Rhyme that you and I sang at kindergarten:

*A hunting we will go, a hunting we will  
go  
a hunting we will go.  
A hunting we will go, a hunting we will go*

*Heigh ho, the UN-o*

*We'll catch Philip and dress to act the West's  
pimp  
him go.*

*and we will never let*

Have a good day.

Sincerely

Asoka Weerasinghe
