Attn Prof Phillip Alston

Dear Phillip

Now that the cat is out of the bag, pray tell us whether you are working for the UN as an expert or for another dubious set-up with a questionable agenda. You have brought immense discredit to the professionals and to the UN. 20 million people in Sri Lanka and their friends in the international community knows who the piper is.

Best thing for you to do is to resign now. You have no finesses which is required at UN level.

Pls let me have your views
Ranjith
