

## *Gentle Tamils seek acceptance*

*Re Violence against violence is not the Tamil way (June 23). Thank you to Rosie DiManno on behalf of Tamil people in Metro.*

As an adult educator I have found my Tamil students to be a peaceful, gentle and well-educated people who ask nothing more than acceptance and understanding, free from tyranny and prejudice.

The injustices they have encountered in Toronto in the past few weeks at the hands of murderers is abominable.

Many thanks DiManno, for being their advocate.
