## President has a plan to end NE war in three months — Chief Minister, CP

From Cyril Wimalasurendre, our Kandy Staff Corr.

"President Dingiri Banda Wijetunga is determined to end the prolonged North-East war in three months. But the President does not want to reveal his plans," the Central Provincial Council's Chief Minister W. P. B. Dissanayake declared. He was speaking on the occasion of the opening of a new building at Udunuwara Parshada Maha Vidyalaya recently. The

two storeyed building has been built at a cost of Rs. 1.1 million.

The Chief Minister said, a bright era has now dawned for Udunuwara. The entire country has been lit up with that illumination and there was no doubt that the brightness will continue for many years to come.

The entire country has the highest respect for the voters of Udunuwara for electing a President with great strength to lead the nation towards a

bright and prosperous future. The President gives guidance for a prosperous future. He had no opportunity to implement his own philosophy until now. As the President is taking a correct and clear path more and more people are rallying round him, Mr. Dissanayake noted.

"The President has resolved to bring an end to the North-East conflict. He has plans to end it in three months hence. But

he does not wish to disclose how he is going to do it. When peace dawns on Sri Lanka the "Dingiri Banda Wijetunga era" will, undoubtedly go down in history as a "Golden Period." The President's wish is for peace and harmony, the Chief Minister added.

The massive Rs. 25,000 million expended on the North-East war could then be utilised for the country's development, he said.
